

International Conference

GENDER ROLES IN THE MODERN FAMILY

Vietnam Women's Academy, in collaboration with the Gender Affairs Program (CPGAP) – The Colombo Plan, organizes the international scientific conference on “*Gender Roles in the Modern Family*”. It is an activity within a series of activities celebrating the 60th year of glorious tradition of Vietnam Women's Academy.

The conference is an academic forum for sharing scientific research results and discussing issues related to gender roles in implementing modern family functions: enhancing women's power and gender in care, education, and protection for children; promoting men's participation in housework, and making policy recommendations to promote gender equality in the family and family sustainability. The conference also contributes to promoting exchanges cooperation among scientists of many higher education institutions and organizations domestically and internationally

In response to the new normal context, the conference will be held under both online and offline format connecting with scholars from USA, Australia, Japan, Korea, China, Indonesia, America, Bangladesh, Sri Lanka... The event is pleased to welcome politicians from the Embassy of Sri Lanka, the Embassy of Australia, the Embassy of Bangladesh, and representatives of major international organizations in Hanoi such as Oxfam, Action Aid, UN Women.

The Conference Proceedings is registered with an ISBN index published with nearly 40 quality articles in Vietnamese and English which were selected from more than 70 research papers. The conference will be organized into 4 sessions with 4 main topics: (1) Empowering women in the family, (2) Performing economic functions in modern families, (3) Gender roles in care, education and protection for children, (4) Promoting gender equality in the family.
